New-Global Corp. Named to Inc. Magazine's "Inc. 5000" List of America's Fastest Growing Private Companies

NEW YORK, August 23, 2007 – Inc. Magazine today announced its annual list of the fastest growing private companies in America, and New-Global Corp. was named to its prestigious list. According to *Inc.* Magazine, these leading companies represent “the backbone of the U.S. economy,” as well as America’s most promising and fastest growing private enterprises.

“The Inc. 5000 provides the most comprehensive look ever at the most important part of the economy – the entrepreneurial part,” said Inc. 5000 Project Manager Jim Melloan.

Added Gregory Tapper, founder and CEO of New-Global, “Being named to the Inc. 5000 is a tremendous honor for our company, and is a validation of the consistent hard work of our team, and of the outstanding service and excellence they deliver to our clients each day. I’m proud of our team and of their extraordinary achievement.”

The company’s addition to the Inc. 5000 list places New-Global in an elite category of America’s next generation of leading businesses. Over the years, Inc. Magazine’s annual rankings have included such companies as Microsoft, Starbucks Coffee, Oracle, Morningstar, Domino’s Pizza, Gateway, Timberland, Jamba Juice and more-- all of whom have appeared on the prestigious Inc. lists before becoming industry powerhouses.

The official 2007 Inc. 5000 list was revealed online today at www.inc.com. The companies included in the list represent many of the most successful companies in America, with reported median revenue of \$9.4 million and median three-year growth of 140 percent. New-Global itself delivered a three year growth rate of 177%, placing it among the top companies on the list. New-Global’s growth was also achieved entirely organically, through internal sales success and existing customer growth.

New-Global attributes its rapid growth to its dedicated team of people, as well as to its unsurpassed translation services and capabilities in the market. Mr. Tapper commented, “New-

Global offers an unsurpassed customer experience to global Fortune 1000 companies who require a single translation vendor to manage all their communication needs on a global scale through a single point of contact.”

Tapper added, “Through our Global Client Service center, available via phone on a truly 24/7 basis, fully 365 days per year, we are uniquely able to serve the world’s leading organizations in over 85 global languages.” Tapper further added, “Our Fortune 1000 clients operate in a highly competitive global business environment today, and they often can’t wait for an email response to their requests. They need access to a global client service team who is ready to assist them over the phone, within minutes, in whatever language they might speak.”

Highlighting New-Global’s leadership in the market, Tapper noted, “New-Global leads the market with an unsurpassed Same Day translation service in over 85 languages, which makes New-Global the ‘FedEx’ of the translation business. As companies increasingly need translations immediately, with superior quality, around the clock, New-Global is the brand they trust.”

The 2007 Inc. 5000 list measures revenue growth from 2003 through 2006. To qualify, companies had to be U.S.-based and privately held, independent – not subsidiaries or divisions of other companies – as of December 31, 2006, and have had at least \$200,000 in revenue in 2003, and \$2 million in 2006.
